DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on April 23, 2004 has been entered.

Claim Objections

2. Claims 18-50 are objected to because of the following informalities:

In claims 18 (3 times), 21, 23 (twice), 24, 26, 33, 34, 35, 36, 38, 40, 41, 44, 45, and 48 (twice), punctuation appears to be missing before each occurrence of "and" located at the end of the respective paragraphs. Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. Claims 49, 50 and 53 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 49, lines 2-3 are vague as to what is being set forth, and it seems that a comma --,-- should be inserted after "holder", in line 4, "the sensor" is vague as to which sensor, and it seems that --second-- should be inserted before "sensor".

In claim 53, line 2, "said supporting means" is vague and indefinite and it is suggested to change it to --supporting means--; in the last line, "towards" renders the claim vague, particularly since movement in the parallel plane could be considered to be towards the table if the saw started its movement from a position in which it is extended past the table, and it is suggested to change "towards" to --in a plane intersecting-- or the like.

In claim 54, line 2, "said supporting means" is vague and indefinite and it is suggested to change it to --supporting means--.

Allowable Subject Matter

4. Claims 1-19, 21-29 and 33-48 are allowable over the prior art of record.
5. Claims 49, 50, 53 and 54 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Clark F. Dexter whose telephone number is (703)308-1404. The examiner can be reached Monday through Friday during normal business hours.
